Administrators List of Emphasis Regional press release Montana sites.docx

Andrew – Here's my first crack at it- I inserted the R8 info in the middle where I thought it made sense. I'm assuming they'd be okay with us doing it that way – that is how we usually do it especially when their release is a page long. We can't bury the regional info at the bottom.

Let me know if you think this works. Also – not sure if we need a more official name of the sites – I just used Anaconda and Butte.
